### GOOD TO HIS MOTHER

Wounded-with-many-arrows is an Indian living in South Dakota.

According to an Indian custom the first thing an Indian mother sees or says after her child is born may be chosen as the infant's name. The night of his birth, in April, 1891, the mother saw a warrior who had been wounded by many arrows; hence the name given to the newborn child.

Entering the world war in the armies of the Great White Father at

Washington the first thought of this copper-skinned descendant, of a race of chiefs was of his mother, whom he named as the beneficiary in his \$10,000 Government War Risk Insurance Policy.

The mother's name is Susan-Loves-the-war, and she lives at Wakpola, South Dakota. She was proud that her son was among the first to respond to the call of the United States for soldiers to fight for their country; she was glad when he came back, unharmed, full of wonderful stories of the great adventure through which he had passed. And she realized that he had by allotment of pay and by his insurance policy demonstrated that all he had was hers, as everything he was owed to her.

Wounded-with-many-arrows might also be called Indian-good-to-his-mother.

### ADAMS EXPRESS CO.'S OFFICE BROKEN INTO

The office of the Adams Express Co. was broken into last Monday night and the safe robbed of between \$300 and \$400 in money and Liberty Bonds, the thieves gaining entrance through a window on the south side of the building. The safe, a small iron one, was carried across the street to the rear of Chiles-Thompson's warehouse and pried open, the yeggs making their escape with the loot before the robbery was discovered. The police are at work on the case.

### SHARPSBURG GROUNDS SOLD

Misses Ida and Lena Royse have sold the old Sharpsburg fair grounds containing about 100 acres to Mr. Duke, of Sharpsburg.

An Indian imitates his white brother. That is the reason why every Indian becomes a Chief when he gets away from home.

### Run-Down, Nervous Women

Louisville, Ky.:—"Last year I became terribly run-down and nervous and had the symptoms peculiar to women of my age. Three bottles of Dr. Pierce's Favorite Prescription so completely strengthened and built me up that I felt like a different woman; my nerves gave me no further trouble and I felt better in every way. 'Favorite Prescription' can be relied upon to relieve every symptom of feminine weakness and I take great pleasure in recommending it to all women who are ailing, weak or nervous."—MRS. OLIVER SHEARER, 247 N. Campbell.

### IN MIDDLE-LIFE

St. Matthew, Ky.:—"I suffered with such pain under my shoulder blades at night that I could hardly turn over from one side onto the other—that was during the 'change'. I also had heat flashes and functional disturbance. I began taking Dr. Pierce's Favorite Prescription which gave good results. Have been a user of the same ever since. I can say that it is a splendid remedy for those who suffer with such troubles as women have to endure. I recommend it to all who suffer from such."—"I am very thankful to Dr. Pierce for his wonderful 'Favorite Prescription' and for what it has done for us in our family."—MISS MARY C. THOMAS, Route 20, Box 104.

### "Weak, Run-Down and Nervous"

Frankfort, Ky.:—"I can highly recommend Dr. Pierce's Favorite Prescription for weak women. Some time ago I was all run-down in health and became so weak it was an effort for me to get around. I was extremely nervous and was greatly in need of something to build me up. I took 'Favorite Prescription' and it was very beneficial in every way. I gained in strength and health and felt altogether like a different person."—MRS. L. E. TRUE, 144 E. Main St.

(Hobart Grooms)

On December 24, 1919, the pupils and faculty of the High School attended a meeting of the Liberty Literary Society of the Belt Line school.

The following program was delivered by the pupils of that school.

Grumpy's Xmas," by Carroll Sledd, Fieldon Vice, Jeannette Barnes, Bernice McCracken, Mabel Foley, Genevieve Settles, J. B. Garrison and Ruby Evans.

The program was exceedingly well rendered and was enjoyed by all.

At the same time a quartette of high school girls, Clara Foley, Ida Calk, Nannie Mae Coons and James Barnes sang "Holy Night! Silent Night." They were applauded to the limit.

### Pepto-Mangan Has Put Thousands Into the Healthy, Full-Blooded Class

How the red-blooded, energetic, and attractive man or woman is envied by those who feel that it will always be their unfortunate lot to be thin, pale and weak-bodied!

And yet why continue to envy men and women who possess a vigorous, healthy physical condition and an attractive, magnetic personality? Poor health and lack of vitality are often merely the result of impoverished blood.

Gude's Pepto-Mangan is for people whose bodies suffer from lack of proper blood nourishment. Pepto-Mangan enriches the blood and increases the number of healthy red blood cells, which are so necessary to carry the proper nourishment, vigor and strength to every part of the body.

Physicians introduced Gude's Pepto-Mangan to the public because they knew that it contained the very properties that are so sorely needed to build up thin, watery blood. For your convenience Pepto-Mangan is prepared in two forms, liquid and tablet. Both contain exactly the same medical value.

Insist on the genuine Pepto-Mangan. To be sure you are buying the genuine Pepto-Mangan, ask your druggist for "Gude's." And be sure the name "Gude's" is on the package.

### YOUNG A COLONEL

December 3rd Tipton Young was appointed a Colonel on Governor Black's staff and somehow this appointment did not find its way into print. Later Governor Morrow began the making of Colonels out of a different quality and about that time Young's appointment was mentioned and it would seem Young is a Colonel under Morrow's appointment, but before his friends here can begin to jolly we give the facts of his appointment.

### MACAULAY'S LOVE OF BOOKS

If anybody would make me the greatest king that ever lived, with palaces and gardens and fine dinners and wine and coaches and beautiful clothes, and hundreds of servants, on condition that I would not read books, I would not be a king. I would rather be a poor man in a garret with plenty of books than a king who did not love reading.—Macaulay.

### TRAINING LITTLE CITIZENS

There is not enough time given to constructive work, to the pleasure of "making things" either in the home or school.

In a suggestive book, "Home, School and Vacation," a mother writes, "A young child's capability and skill grow rapidly. It is a good plan after he is four years to manage so that he always can have something visible to show his father, for instance, at the end of the day, something made with his own hands."

This wise mother adds another reason besides the pleasure this creative work gives. She says, "If the mind after this age (four years) is let to play all day, it rapidly grows adverse to ordered application and submission to authority."

Now to be practical, what can childhood make? I should like to show you the air-plane made from a cigar box by a little colored boy of nine.

Air-planes are naturally interesting to children this year. It is always wise to allow them to follow the life interests of the adult world whenever they appeal to little people.

But you ask what can younger children make in the air craft line? They can fold stiff paper into darts and it is surprising to see how high little boys can hurl them. Then too, they can make pin-wheels, and while these do not fly they buzz through the air and afford much amusement. Let the little people make many pin-wheels, large and small and of varied colors, using clothes-pins for handles if no older brother is at hand to whittle a stick. Encourage older and younger children to work together, for self-control and adaptability are gained through social intercourse. It is needless to say that almost all children like to blow soap bubbles. How they fly! See whose will fly the highest!

Another source of interest to children is the well-known scrap book. Little people love to cut out pictures. They may collect them in a box at first, or put all the animals in one envelope, the toys in another and so on. When they can cut and arrange the pictures fairly well help them to mount one sheet. After this practice fold a large piece of paper and let them mount the four pages, then use a book.

To manage paper and scissors, make paste, select pictures, mount and press them with a blotting pad, are all activities which interest and instruct children.

Scrap-books illustrating Bible and other favorite stories, children's poems, the different countries and peoples of the world, and the various trades and occupations not only occupy, but educate little children. Such work is a good pastime for the rainy days or Sundays.

When children have acquired skill in making scrap-books and have learned to select and arrange pic-
